TFOur readers are already aware that Presi dent Buchanan has summarily removed from of fice John McKeon, Esq., U.S. District Attorne for New York, on account of his opposition t the election of Wood as Mayor of New York city it was not pretcuded that McKeon had failed to any respect to discharge his duties a a Federal official, but, on the contracy, he is ac knowledged to lerve been an energetic and effi cient officer. It was not pretended that he was incompetent or dishonest, or even that he had fluched from Democratic principles But he was dismissed simply because he could not con scientiously vote to place Wood in a position to which he was notoriously a disgrace and a shame-The only ground of complaint against him was that he refused to place the duty of keeping the ponce of New York ofty in the hands of a mon who is well known to be a confederate and par ron of an armed band of ruffians, assassins, and law-breakers; because he refused to trust the security of the lives and property of the citizens of New York to a man who publicly counseled nn infuriated mob of foreign paupers and cou viets to take by force that property, unless the respectable citizens of New York wonle agree to support some thousands of men whos mi-fortune it had been to be deprived or employment; because he refused to place the public revenues of a great city under the contro of a min who, as has been proved, was a swind or and a riscal; because, in short, he manfully repudiated the idea advanced by Mayor Wood that Demograts would invariably support the montinee of their party for any office, even though he were a felon, and because he could not place confidence in one who had time and again be traved the confidence of all who had relied upon him, except the most corrupt of his myrmidons He voted for a political friend and not an opponent but he preferred that that man should be lonest. This, and this only, was the sum of his

It is tomeath the dignity of the Chief Execu tive of such a nation as ours to interfere in minicipal elections directly or indirectly, and we regard the action of Mr. Buchanan in the case of McKeon as an outrage upon individual rights.-It was not only a little action, but it ill becomeone who professes to mobold in its greatest latinide the doctrine that the people should choose their own rulers, to endeavor by threats, and bribes, and by all the influence the extensivo Federal patronage is able to exert, to foist upon a neople a man who is olmoxious to them. L. W. Powert. -- This gentleman has been fortunate enough to gain the Democratic enueus the Hon. John B. Thompson, and on yesterday his came was put in nomination in the House of Representatives. After Mr. Guthrie's withdrawal from the field, the Hon Elijah Hise, who, by the way, is intellectually one of the first men in the Democratic party of Kentucky, Col. Preston, and several other aspirants were quickly slaughtered, leaving Mr Boyd the only competitor of Powell for the palm. It was generally believed that Boyd would be the candidate, but within the last ten days Powell has gained upon him wonderfully, and at last has been proclaimed triumphant. But it can hardly be said that his greatness has been thrust upon him, but, to give him his due, it is the reward of his own exertions.

Personally Mr. Powell is much less objectiona ble than some of the other aspirants for the posi tion, but politically he is as violent a Democrat and as bitter an anti-American as there is in the State But all things considered we are by no means sorry that he has obtained the nomination He is an affable, social, pleasant spoken gentlemen whom nearly everybody likes, and during his stay in Frankfort he endeared many persons of both political parties to him. His warmest personal friends in this city are Ameri cans. Although very far from being a Clay, a Crittenden, a Rowan, a Barry, or a Hardin, he is still superior in intellect, and in moral character to the generality of the Democratic politicians in the State. Altogether, the Democracy might have done much worse than they have by nomi nating Mr. Powell. We hope that if he is elect ed, he will discard the character of the partizan and assume that of a bold, manly and indepenand assume that of a bold, manly and independent statesman of elevated views—and that he will lington, Craycraft & Martin, and affirmed as to the adopt as his standard the tone of those men who other appellees. studied the interests of their country, and not the advancement of self or party, and especially of that man who would rather have been right than

It is mild and agreeable to the taste, bracing the nerves giving a healthy tone to the stomach, and imparting a glorious appetite. For ladies it is particularly recommended, as it strengtheus the ribs of the "weaker vessels" in an astonishing degree. Sec the advertisement in another column.

We are glad to see the bold and manly osition which the Louisville Journal takes upon deserves a requiblication:

on the report of the legislative proceedings at rate at 1 precise st nographers we ever knew:

The Gov rnor, in his message, takes a broad and elevated iew of this subject, and presents the claims of the normal school upon the people of the State wisely and well. The sets forth in strong terms the advantages that most accrue to the sypublic instruction by the continuance and liberal support of this school for teachers.

The opponents of this institution can find to tenable ground for their opposition to it. They may say that the appropriation for it is taken from the common school fund, and that the benefit to be derived from it is not commensurat. with the expense. It would not, we think, be lifting to task to answer these older lons, and light inquiry into the true conaction of the con nce to the experience of those States where mal schools are recognized as the most evicient oped, cause the legislators at Frankfort to pans refere they voluntarily surrounder the bench sterived by their constituents from this useful and

The undersigned have in course of preparation, nme which shall contain, in concise form, and eouveniently arranged for reference, a synopsis of the existing laws regulating the jurisdiction and duties of the inferior judicial, and ministerial offices of the State, as prescribed by the Revised Statutes and the Civil and Criminal Codes, as well as by the laws passed subsequently thereto, including whatever changes may be made by the General Assembly now in session.

This book will contain, under appropriate reads, a condensed abstract of the laws applicable to each officer, as well as a great variety of approved forms, such as forms of Warrants, (eivil and criminal, Judictments, Presentments, Bonds, Judgments, Orders, Returns, Reports, Depositions Sheriffs' Deeds, Petitions, &c In short, it will contain every form necessary to be used by Presiding Judges. The radical changes made by the Revised Statutes and the Codes of Practice, in their opinion, render such a work necessary, in order that the various inferior judicial and ministerial officers of the State may properly discharge their respective duties. The frequent mange of officers by election, and their couse quent want of familiarity with the different modes of proceeding, is an additional consideration in

The HOWARD ASSOCIATION, in view of the awful destruction of lumnal life, caused by Sexual diseases, and the deceptions practised upon the unfortunate vicinis of such diseases by Quacks, several years ago directed their Consulting Sargeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for tho treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c..) and in cases of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE.
